### State of Wisconsin

Joint committee for Review of Administrative Rules

February 13, 1985

To the Honorable, the Senate:

The Joint committee for Review of Administrative Rules (JCRAR), pursuant to Wisconsin Statutes s. 13.56(2)(k), makes a biennial report to the Legislature and Governor of its activities and recommendations. Enclosed please find a copy of the JCRAR Biennial Report, 1983-84.

The report summarizes the powers and duties of the JCRAR and describes the legislation and other projects promoted by the 1983 committee. Chapter Five lists specific recommendations for consideration by the JCRAR and the entire Legislature.

We hope you will review the report and feel free to share with us any comments and concerns about the JCRAR and legislative oversight in Wisconsin.

State of Wisconsin  
Judicial Commission

February 1, 1985

To the Honorable, the Senate:

Please accept for filing, in accordance with the requirements of section 757.97 of the Statutes, the first annual report of the Wisconsin Judicial Commission. This report reflects the Commission's activities during the calendar year ending December 31, 1984.

The Commission appreciates this opportunity to share information regarding its procedures and performance and welcomes questions and comments.

RICHARD C. NINNEMAN  
Chair

State of Wisconsin  
Department of Health and Social Services

January 4, 1985

To the Honorable, the Senate:

1983 Wisconsin Act 348 directed the Department of Health and Social Services, in cooperation with the Commissioner of Insurance, to prepare a model health insurance plan and a report on the feasibility and advisability of promoting inclusion of long term care coverage in private sector health insurance plans. The model plan and the report were to be distributed to every member of the Legislature by January 1, 1985.

I am writing to inform you that the work on these mandates is substantially complete. The required materials will be distributed to the Legislature by the end of this month. Finalization and production of the documents, which together will probably exceed 200 pages in length, will necessitate our being slightly late in completing these assignments.

I trust this delay will not cause difficulties. Please do not hesitate to call if you have questions about where we stand.

Sincerely,  
JOHN TORPHY  
Secretary

State of Wisconsin  
Board of Regents  
University of Wisconsin System

December 14, 1984

To the Honorable, the Senate:

The 1983-85 Biennial Budget Act mandated a ten percent reduction in the size of the entering class of the UW-Madison Medical School, to be achieved by 1990-91, and required that a report on the financial impact of these reductions be made for review during the 1985-87 Biennial Budget process.

In response to that latter requirement, the Board of Regents adopted the following resolution at its meeting on December 7, 1984:

That, upon the recommendation of the President of the University of Wisconsin System and the Chancellor of the University of Wisconsin-Madison, the report, Implications of a Ten Percent Reduction in Student Enrollment at the Medical School of the UW-Madison, and its recommendation for improving medical education by the reallocation of funds released as a result of the reduction in medical student enrollments be approved and forwarded to the Governor and Legislature in response to s. 36.28 and section 2053(3), 1983 Wisconsin Act 27.

There are several points which should be considered in reviewing the enclosed report:

- (1) Potential savings associated with the required enrollment reductions are somewhat illusory and difficult to identify since costs for much of the instructional program are fixed rather than variable.
- (2) The maximum estimate of savings identified in the report for the 1985-87 biennium is \$57,700.
- (3) The additional dollar amounts estimated in the report also are small and could only be realized over a seven-year period.
- (4) The Medical School budget has been seriously eroded by inflation and weakened by several budget reductions.

It is therefore recommended that any savings which might result from reduced enrollments be retained by the Medical School and reinvested to strengthen physician training.

Sincerely,  
BEN R. LAWTON  
President
